Unite in global peaceful resistance to a psychotic psychiatric industry!

The American Psychiatric Association is holding their huge Annual Meeting. The APA plans to give their blessing to the newest version of their harmful "Label Bible" (also known as the *Diagnostic & Statistical Manual* or *DSM 5*).

Free Counter-Celebration – All Are Welcome! – 10 am

Friends Center - 1515 Cherry Street (arrive early, hall capacity is 700)

National speakers and music! Support psychiatric survivors and mental health consumers! Demand humane alternatives to psychiatric abuse!

Mad Pride Liberty March – 1 pm

Parade just a few busy blocks to the front doorstep of the APA meeting.

Peaceful "Creative Maladjustment" Protest – 2 pm

Pennsylvania Conference Center - 1101 Arch Street

Occupy APA! Show the world there are better ways than forced psychiatric drugs, electroshock, and corporate psychiatric tyranny. Raise your voices for more non-drug choices for mental and emotional well being! Say 'no' to a 'normal' that wrecks Earth's environment and enriches the top one percent.
